

ANTHONY D. RENNIER

Anthony Rennie is President and CEO of Foundry Inc., an Internet Software and eBusiness Solutions provider headquartered in McLean Virginia.

Established in July of 1997, Mr. Rennie has grown Foundry from a 2-person start-up to a 30 person, \$5M Internet Solutions Company. Foundry has developed business solutions for the Financial Services, Retail, Recruiting and B2B Internet markets. In addition to overseeing operations, Mr. Rennie is responsible for business development and strategic partnerships. He uses his many years of software and business experience to guide Foundry as it develops state-of-the-art products and services for providing business solutions.

Previous to Foundry, Mr. Rennie founded Blacksmith in 1992. In just over 5 years Mr. Rennie expanded Blacksmith from a one person start-up to a 50 person \$6M company which came to be known as one of the best object-oriented software development companies in the Nextstep market. Mr. Rennie's efforts at Blacksmith were focused on operations, shrink-wrapped software products, advanced technology consulting, and Nextstep training for developers.

Mr. Rennie graduated in 1985 with a Masters of Science in Electrical Engineering from the University of Illinois in Urbana. He worked for 7 years with Harris Corporation and TASC, before embarking on a career as a high-tech entrepreneur.
